HAYWARD CAT CONTROLLERS

CAT1000

CAT2000

NSF®

5 YEAR WARRANTY

CAT5500

CAT6000

Commercial pools, spas, water parks and water treatment facilities worldwide rely on **CAT Controllers®** to provide enhanced water quality management. Every model provides unmatched control over pH, ORP, and sanitization for chlorine, bromine or salt chlorinated pools.

Our wireless, web-based models are available with Wi-Fi® connectivity to allow remote monitoring and control through **PoolComm®**. View water quality data, print charts, analyze graphs—even receive alarms via email or text from any iPhone®, Android™ or other web-enabled device.

TOTAL SYSTEM ACCESS WITH POOLCOMM®

Packages include Machined Acrylic Flow Cell with Rotary Flow Sensor and Asahi Valves or Molded Flow Cell with Float Style Flow Sensor and Parker Ball Valves. Also included are Speedfit Connectors, 30' of installation tubing, professional Series pH and ORP Sensors and mounting on PVC backboard.

CAT Controllers are certified to NSF/ANSI Standard 50 and come with a 5 year warranty.

Hayward Z-Series
-   Metering Pumps

The **Z Series Solenoid Diaphragm Metering Pumps** are available in analog and digital versions. The Z series offers three sizes with flow rates ranging from 1 gph to 29 gph with output pressures upto 230 psi to cover all your application needs.

The proportional dosage options have proportional flow rate according to an external analog (4–20 mA) or digital pulse signal.

Front facing controls and tube connections allow for easy and flexible installation.

The pump can be managed with any on/off controller or automation system including Hayward's AquaRite Pro, ProLogic, OmniLogic, OmniHub and **Commercial CAT Controllers**.

Pool water testing made easy with your smartphone.

The easy to use app allows quick and accurate measurements and provides historical results of 5 important water quality parameters: pH, Chlorine, Total Alkalinity, Total Hardness and Cyanuric Acid.

Instant pool water readings
Accurate results instantly
Gives exact chemical **dosing**
Automatic **reminders**
Receive equipment and in store **coupons**

The app will recommend chemical dosages for perfect water balance based on pool size.

Dip the strip in the water and align in app window for fast accurate results every time.

The test strips are assembled in a convenient specially designed point of sale display carton of 12 bottles with 50 strips per bottle.

Contact your local Hayward distributor to get a free trial size bottle.
