

AQUARITE® S3 Salt Chlorination System with Built-in Pool Control

In addition to the salt chlorination, through its color touch screen display the AquaRiteS3 allows for basic control of pool heaters, Hayward variable speed pumps, chlorine control as well as control of single speed pumps and lights with a SmartRelay.

AquaRite® S3 offers all the benefits you'd expect from the #1 brand in saltwater chlorination.

With updated chlorine generating technology the AquaRite S3 operates over a wider range of salt levels from

800-8000ppm. The new Clear T-Cell is compatible

with all AquaRite® systems and has a lower head loss that results in reduced scaling. The cells also have an authentication system that prevents the use of counterfeit cells.

Clear T-CELL

With a simple upgrade to the Omni platform the AquaRite S3 gives you advanced control of all pool and spa features from any computer or smartphone with the intuitive OmniLogic® app. The system can also be built upon at any time with easy-to-add accessories like pH and ORP sensing, Omni-Direct lighting etc.

HL-CHEM
pH/ORP Sensing

CSPAXI Series

- Electric Pool Heater

Hayward® CSPAXI Series electric heaters contain features and capabilities of heaters twice their size.

The heater can fit into compact spaces: under spa skirts and steps.

All CSPAXI models have 304 stainless steel tanks for longer life. The electric heating element also has a 304 stainless steel threaded head and a built-in safety sensor to protect the heater against dry firing.

Available in 5.5kW & 11kW, the simple-to-use CSPAXI has a dial control temperature setting and "heater on" indicator light.

SwimClear™

Multi Element Cartridge Filter

SwimClear™ multi-element cartridge filters provide heavy-duty dirt-holding capacity and extra-long filter cycles. SwimClear filters offer a

choice of 225, 325, 425, 525 square feet along with **industry's largest filter**, the C7030 model which has a whopping 700 sq.ft

Cartridges with Top manifold

SwimClear filters' top manifold configuration boasts industry-leading hydraulic performance, facilitating

maximum flow through all cartridge elements for superior water clarity and increased energy savings. The reinforced co-polymer tank is durable enough to withstand tough environmental conditions and the heavy-duty, tamper-proof, one-piece clamp provides quick access to internal components without disturbing plumbing connections.

Save up to 2,500 gallons of water per year with the cleanable cartridge elements that eliminate the requirement for backwashing.

LED Pool and Spa Replacement Lamps

pureWH·TE Lamps are the brightest with uniformity of light intensity and saturation and with the option of multiple color temps: Warm White 2700K & Cool White 6500K.

Series Lamps offers the advantage of PureWhite LED lighting

in addition to LED color changing. With a variety of solid colors and color changing lights shows to instantly transform any pool or spa into a custom illuminated paradise.

Need to replace your high wattage incandescent bulbs in the **Hayward® AstroLite™** or other brands of pool lights?

Designed Exclusively for Swimming Pool Lights, J&J Electronics LED Pool and Spa Replacement Lamps install in minutes and fit into most standard pool light housings offering the ideal ambiance for playing, relaxing, or entertaining, while providing immediate energy cost savings over traditional incandescent pool lamps.

AstroLite™ With plastic or SS face rime options

The lamps have high output LEDs • proprietary thermal management • compact lamp design • zero pixelation lens • wide angle LEDs • screw in Edison base compatible with all major manufactures' incandescent light fixtures.

Seven Light Shows

- 1. Peruvian Paradise
- 2. Super Nova
- 3. Northern Lights
- 4. Tidal Wave
- 5. Patriot Dream
- 6. Desert Skies
- 7. Nova

Five Solid Colors

- 8. Parisian Blue
- 9. New Zealand Green
- 10. Brazilian Red
- 11. Arctic White
- 12. Miami Pink

In June 2022 Hayward completed the acquisition of the specialty lighting business of Halco Lighting Technologies which includes **J&J Electronics™**, an industry leading manufacturer of pool, spa, and landscape lighting.
