

# HIDRONISER

**sugar.valley**

ECO-FRIENDLY WATERCARE TECHNOLOGY

A HAYWARD COMPANY

## Copper/Silver Ionization System

The **Hidronizer** from **Sugar Valley** continually produces algicide, bactericide and natural flocculating agents that result in improved quality control parameters for the water.

Ions are produced from copper and silver (positively charged). These attract microscopic organisms (loaded negatively) and destroy their cells. The ions flocculate suspended matter and eliminate algae and bacteria. This increases the water's transparency and reduces consumption of chemical products resulting in clear reductions in maintenance costs.

The control panel can sense and regulate pH, Redox (ORP) and free chlorine controls, filtration, lighting, temperature and up to 4 auxiliary outlets.

The Hidronizer is equipped with a detachable touch screen, connected via a cable or through optional Wi-Fi, so you may control the water's parameters without leaving your home.

The Hidronizer is ideal for residential pools. Higher capacity systems are available for commercial pools.

In large

commercial pools it's recommended to combine the ionization system with a salt chlorination system for optimum sanitization.

Complete your pool sanitization system by giving added value to your pool with the Hidronizer.

## Deck Jet 500™

- Elevating the visual and acoustic appeal of your pool

The **Deck Jet 500** creates an arching stream from the deck to the pool. The flow and direction are simple to adjust without tools.

The **Deck Jet 500** features an attractive

bronze-coated cover and the industry's only height adjustment mechanism for perfect deck alignment even after settling occurs.

The Deck Jet 500 can be used in

- » Sun-Shelves
- » Spas
- » Spill Overs
- » Fountains
- » Splash Pads

# airbar

- Bring your pool & spa water to life!

**Airbar** from **Paramount** is a channel system that along with a spa blower delivers a rush of bubbles, infusing life and excitement into still waters.

It allows you to create the look of a bubbling volcano,

river rapids or an exciting aerated feature on your pool & spa floor, bench or shelf. Best when used with a **Hayward Spa Blower**

Spa Blower

Available in complete kits that create fun, unique water shows or combine your imagination and our Airbar fixtures to create your own shape!

The Airbar can also be used to aerate ponds and water features.

## SV Series Solenoid Valves

**Hayward SV Series Solenoid Valves** are true union solenoid valves available in PVC and CPVC. The valves have a corrosion resistant polyester coil and a four position electrical connection.

The valves are available in a normally closed design rated at a non-shock 150 PSI at 70 °F . 110V is the standard voltage with additional voltages 12 VAC, 24 VAC, 220 VAC, 12 VDC, 24 VDC available as options.

Available with FPM or EPDM seals.

All Hayward flow control products have a 2 year warranty as standard and are manufactured in compliance with ISO9001:2008.

The solenoid valve can be used in a chemical feed system with tablet feeders, to auto-fill a pool with fresh water, and in water features. The valve can also be used in non-pool applications including irrigation systems.

**DANGER**

**Fraudulent Banking Instructions**

Be advised that Hayward/IMG has not changed wire transfer instructions or banking details for more than 10 years.

If you receive any instructions of change from our normal wire transfer details consider this as fraudulent activity and re-confirm banking details with our Customer Service staff or Financial Department representatives.

We have experienced emails intercepted by "hackers" that have changed the banking instructions for wire transfers under our corporate email letter heads and staff names.

When in doubt check with Hayward/IMG representatives.

## ProHayward LB030 Hard Shell Life Ring

Ideal for pools at hotels, sports clubs and housing complexes
